Project Analyst, Washington, DC

If you enjoy a challenging environment, the opportunity to work on exciting projects and would like to launch your consulting career, apply that enthusiasm in the aviation industry. Inter *VISTAS*-ga² Consulting, Inc. has an entry-level opportunity for a Project Analyst to join our team of aviation economic and financial analysts in Washington. As a key member of various project teams, you will conduct research, analyze data, and develop analysis for our clients.

As the successful candidate, you will exhibit quantitative skills and have a strong interest in aviation and transportation. You are adaptable, working well independently or in teams to meet tight deadlines and handle competing priorities. You bring the following qualifications:

- University or college degree preferably in Business or related disciplines such as Economics, Statistics or Mathematics and/or comparable planning experience with an airline.
- Strong market/economics research, analytical and problem-solving skills.
- Ability to work to multiple deadlines using superior organizational skills.
- High level of proficiency in MS Office (Word, Excel, PowerPoint, Access) and other quantitative and graphic software.
- Ability to work independently and in a team environment.
- Strong oral and written communications skills.

We offer a competitive salary and outstanding benefits package, along with a professional environment that supports development and recognizes achievement. To explore this opportunity, forward a cover letter and resume to careers@intervistas.com.
